## NEW STOPS

### Stop ① - The Rives de Clausen

The so-called Rives de Clausen form a district of bars and restaurants, established on the site of the former Luxembourg beer brewery "Mousel".

Situated along the Alzette, the Rives de Clausen appeal to a wide variety of tastes and attract a very cosmopolitan public, which is typical for Luxembourg. The Rives de Clausen are also part of a larger plan to enhance the suburbs of the former fortress.

Due to several construction works in different parts of the city, the tour itinerary may vary slightly during the season. Find the latest itinerary on [moyocci.lu](http://moyocci.lu).

Main departure  
point:  
Avenue  
Monterey

1 - MONTEREY AVENUE

The Avenue Monterey is one of the avenues that was pierced during the dismantling of the fortress of Luxembourg to open up the city to the west and allow the construction of new residential areas. The construction of the underground car park, bearing the same name, partially brought out the former Fort Louvigny, which was buried under the street. You will also find a nice outdoor activity for children nearby: a beautiful playground in the shape of a huge pirate ship.

## 2 - PLACE DE LA CONSTITUTION

The visit's starting point, where you can admire the Petrus Valley with its famous casemates and the "Notre-Dame" Cathedral with its crypt, is in front of the National Monument "Gëlle Fra" on the Constitutional Square. Not far away you will find the Casino Luxembourg which today, is a museum of contemporary art. Explore the "Place Guillaume II" and the City Hall, the pedestrian zone with its many shopping opportunities and the "Place d'Armes", as well as the old town with its museums, churches, Vauban fortifications and the Grand Duke's Palace.

### 3 - AMALIA

The monument of Princess Amalia is situated in the city park, near the Boulevard Royal. Amalia was the wife of Prince Henry of the Netherlands, governor of the Grand Duchy from 1849 to 1879.

#### 4 - FONDAZIONE PESCATORE QUAI 1

Enjoy the magnificent view from the panorama elevator or from the viewing platform to the Pfaffenthal suburb and the Kirchberg Plateau. Walk past the Glacis, where Luxembourg's largest and most famous annual funfair, the "Schueberfouer", takes place at the end of August! Nearby is the "Grand Théâtre de Luxembourg".

## 5 - PHILHARMONIE/MUDAM

Take a look at the Mudam, the Grand Duke Jean Museum of Modern Art, and explore the "Dräi Eechelen" fortress museum, where you can discover Luxembourg's historical heritage! In contrast, the avant-garde architecture of the nearby "Philharmonie" is a highlight.

## 6 - LUXEXPO PARVIS SUD

Welcome to one of the new quarters of the City of Luxembourg, where shops, banks, big law firms and companies have set up their branches, and where you will also find the largest cinema complex in the country, with its many bars and restaurants. The bus stop is located in front of the international exhibition centre called LUXEXPO - THE BOX.

## 7 - BEI

Discover the European Investment Bank and the Court of Justice of the European Union with its three tall office towers. One of them, at 115 metres, is the tallest building in the country. Nearby, you can also admire the National Sports and Cultural Centre (d'Coque).

## 8 - STÄEREPLAZ/ETOILE QUAI 4

Villa Vauban, the art museum of the City of Luxembourg, is not far from the "Stäereplaz". It is located in an enchanting city garden! The exceptional site of the Villa Vauban allows visitors to discover historical collections in a calm and relaxing atmosphere in the heart of the city.
