

## IN THE HEART OF SMALL CYCLADES

Small Cyclades known to the locals as Koufonisia, are a favourite destination for those who seek to relax on their holidays and look for sheltered golden sand beaches, small natural pools of turquoise waters.

In this tour we visit six different small islands, six different sandy private beaches where you can spend truly relaxing moments. This unique trip includes also a ship wreck diving experience! You have the chance to enjoy your private paradise lost adventure and be enchanted by the beauty of those magnificent jewels of the Aegean Sea.

(Visit 6 islands in only one day cruise)

### Departure from Aliko Port 10:00am

### First stop at Iraklia Island

A beautiful private beach, reached only by boat, is hiding a secret from the 2<sup>nd</sup> world war. A crashed airplane of the German air force lies 6 meters below the surface of the sea. Don't miss the chance to dive and explore it yourself.

### Schinoussa Island

Low hills, valleys and 18 beaches to choose from around the island or a stop at a local tavern to taste local products and the famous fava bean.

### Kato Koufonisi Island

Uninhabited and a must for Campers, Kato Koufonisi, for us Greeks, is a synonym to serenity, calmness and virgin beauty.

### Glaronisi Island

Are you ready for the most rocky and beautiful landscape of the Small Cyclades?

### Lunch on demand

Lunch at a seaside traditional Greek restaurant, lunch on boat or on a private beach are the options for our guests

### Ano Koufonisi

Just a breath away from Glaronisi, Ano Koufonisi welcomes us with its sandy bay full of small fishing boats. Depending on the weather conditions, we are off to **Gala**, **Italida** and **Pori**, the most famous beaches of the island.
